Our pricing consists of two components: Professional Fee and Government Charges.

- **Professional Fee:** A fee of ₹1,499 for professional support, including consultation, document preparation, government filings, and end-to-end guidance during the registration process.
 - **Government Charges:** This includes all mandatory government fees and DSC charges. These are subject to change as per government updates.

3. Additional Payment Scenarios:

 - Name approvals remain valid for 20 days for Private Limited Companies and 90 days for LLPs. If an extension on timelines is required, the customer must pay for the name extension fee before the approved name gets expired. In case the approved name gets expired, the customer has to pay the applicable fee to restart the name approval process.
 - If a director's DIN exists but is deactivated, any government or professional charges required for reactivation will be payable by the customer.
 - Any change or revision in statutory government fees, stamp duties, DSC charges, or charges related to the addition of directors/partners (arising from changes in state, capital, or updated government notifications) will be payable by the customer.
